MCEA'S Board of Directors has recommended affiliating with AFT, and on July 24, 2010, MCEA will be holding a special convention to ratify that recommendation.

Information about the background and impact of the affiliation has been made available to members, has been sent to Delegates for the special Convention, and is available on www.mcea.org

MCEA has set up a hotline for members' use to allow individuals to ask questions or request additional information about affiliation. If you have a question and would like a personal response, call 1-888-611-MCEA, Ext. 233 and be sure to leave your name, chapter number, and best number to reach you, and you will receive a response as soon as possible.
