

Will legislation be introduced in the 2007 Maryland General Assembly to authorize service fees (or agency fees)? Implementation of service fees would require payroll deductions from state employees to go to the coffers of certain unions for collective bargaining. If you don't want to be forced into this arena,

let's get ready to rumble!

OPPOSE SERVICE FEES!

No union needs millions of your hard-earned money to negotiate a collective bargaining contract. For approximately the past two years, most state employees have not even been covered by a contract, because **NO ONE WAS AT THE TABLE**. If and when a bill is brought before the legislature, we intend to knock service fees out. Stay tuned to www.mcea.org.
